

WIND ENERGY

WIND ENERGY

Polsinelli Shughart is an experienced leader in assisting clients with the development, construction and operation of renewable and wind power projects. Our attorneys have extensive knowledge serving clients involved in renewable energy development, energy industries and public utility services.

WIND ENERGY EXPERIENCE

With offices throughout the country, Polsinelli Shughart attorneys are able to offer services in the key renewable energy regions. We are currently involved in wind energy development projects in Arkansas, California, Colorado, Illinois, Indiana, Iowa, Kansas, Michigan, Missouri, Nebraska, Ohio, Oklahoma, South Dakota and Texas. Our attorneys' vast experience in real estate, environmental, construction, land use, zoning, finance, regulatory, general business and litigation is an invaluable resource for meeting our clients' objectives.

REPRESENTATIVE WIND ENERGY EXPERIENCE

- Representation of multiple renewable energy clients in the development of over 35 wind energy projects across the country, including all real estate, land use, zoning and regulatory requirements, leasing and power purchase agreements associated with the projects. Once completed, these projects will generate nearly 10,000 MW of renewable energy.
- Representation of lenders in the project financing of a 201 MW wind project in Kansas
- Served as lead counsel in the development and construction of one of the largest wind farms in Kansas. The total project size was approximately 250 MW. Polsinelli Shughart negotiated leasehold arrangements with more than 100 landowners that encompass nearly 30,000 acres in Lincoln and Ellsworth Counties, Kansas.
- Representation of lenders in the \$352 million project financing for a 150 MW wind project in Missouri.
- Representation of wind developer in the sale of a 131 MW fully developed wind project with a signed power purchase agreement in Kansas
- Representation of a tax equity investor in \$165 million acquisition and financing of 60 MW wind project in Nebraska.
- Representation of wind developer in the development and financing of a 165 MW wind project in Kansas
- Representation of wind energy developer in the \$240 million acquisition of 100 MW wind project in Kansas and developer's negotiation of power purchase agreement with related utility.
- Representation of lender in its participation in a \$170 million pre-construction bridge loan facility to fund the payment obligations under the project's Turbine Supply Agreement for a 150 MW wind project to be built in California.
- Representation of wind developer in the inception, construction and operation of a 300 MW wind project in Oklahoma, including the execution of a PPA with an Alabama public utility.

WIND ENERGY
